

1.375 PL Bulkhead

Description

The PL Bulkhead provides pressure isolation between tools in a Lee production logging tool string. It limits liability by preventing tool failures from propagating through the entire string.

- Sealed electrical feedthroughs (15,000 psi)
- Compatible with all 1.375 Lee Production Logging Tools

Specifications

OD	1.375 (3.5 cm)
Length	7.673 (19.5 cm)
Weight	2.0 lbs (0.9 kg)
Temp. Rating	350°F (177°C)
Pressure Rating	15,000 psi (103.5 MPa)

Part Number:

Standard Service: 106456

H2S Service: 106457
