

Slickline Measuring Head

Description

The Lee Specialties Slickline Measuring Head is a compact, durable device used to measure depth and speed. The unit mounts to an overhead spooling arm or track. The straight-through design reduces wireline bending, fatigue and wear. The unit supports a digital encoder and mechanical odometer, and is available in Metric or Imperial configurations. The simple side loading, lightweight design makes for effortless installation and maintenance.

Features

- Compact, lightweight device
- Mount to overhead spooling arm or vertical spooler
- Straight-thru design reduces wireline bend, fatigue and wear
- Measure 0.072 in. to 0.160 in. slickline
- Supports one digital encoder and a mechanical drive
- Available in Metric or Imperial configurations
- Side Loading

Specifications

Length – 16.75 in (42.6 cm)

Width – 5.25 in (13.3 cm)

Height – 6.5 in (16.5 cm)

Weight – 16 lb (7.3 kg)
