

# SERO

## Lightweight Sheave

### Application

Datacan's monitoring cable sheave is a light duty, multi roller sheave designed to carry various sizes of monitoring cable. The rollers are 1" wide and the sheave provides a large bend radius of 14" for the cable and has a load rating of 2000 lbs.

### Benefits

The large bend radius and wide rollers allow this sheave to be used with many different sizes and shapes of monitoring lines, even flat packs. A Sheave kit is available that includes a sheave, two load rated shackles, one 4' primary lifting sling, and one 6' wire rope safety sling.

### Features

- 2000 lbs Load Rating @ 180° Line Pull
- Pull Tested to 2x Safe Working Load
- 14" Bend Radius
- Independent Safety Line Anchor Point
